 - Please start from "Preparing" slide

- ✓ If the POPs program is first installed
 - Please start from "Run Setup" slide

Preparing ...

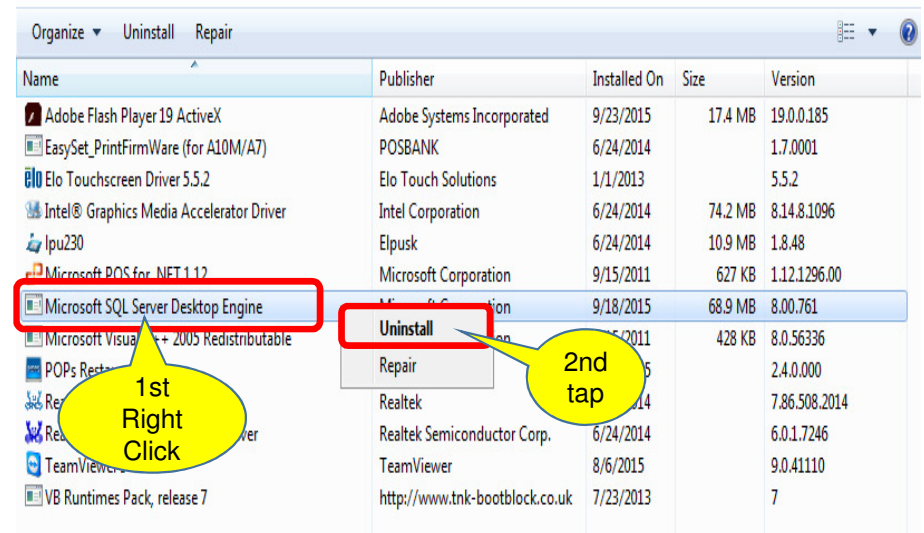

Uninstall the Microsoft SQL Server Desktop Engine

Uninstall or change a program

To uninstall a program, select it from the list and then click Uninstall, Change, or Repair.

Uninstall the Microsoft SQL Server Desktop Engine

Uninstall or change a program

To uninstall a program, select it from the list and then click Uninstall, Change, or Repair.

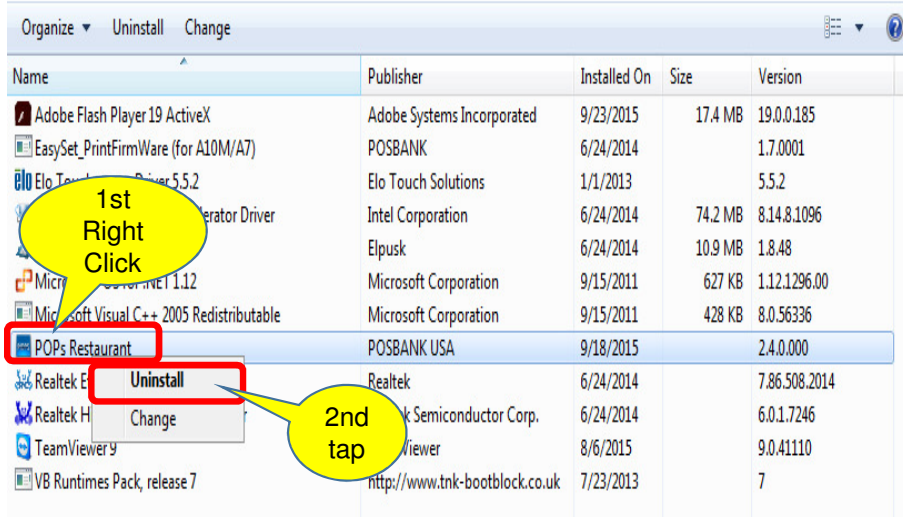

The screenshot shows the Windows 'Programs and Features' control panel window. A list of installed programs is displayed with columns for Name, Publisher, Installed On, Size, and Version. The 'Microsoft SQL Server Desktop Engine' is highlighted. A confirmation dialog box is overlaid on the list, asking 'Are you sure you want to uninstall Microsoft SQL Server Desktop Engine?'. The 'Yes' button is highlighted with a red box, and a yellow callout bubble with the word 'tap' points to it. The dialog also includes an unchecked checkbox for 'In the future, do not show me this dialog box'.

Name	Publisher	Installed On	Size	Version
Adobe Flash Player 19 ActiveX	Adobe Systems Incorporated	9/23/2015	17.4 MB	19.0.0.185
